

FIFTEEN INCHES. ALL YOU NEED TO FILL THE BIGGEST WALL.

How do you get all the benefits of an interactive whiteboard in a classroom or lecture theatre that's just too big for... an interactive whiteboard?

We sized up the problem and came up with an answer. The Activpanel.

It's a 15 inch lcd mini-board that plugs straight into your pc... operates wirelessly with our unique and highly accurate mouse pen... and comes with our award winning Activstudio software. Here's how it works.

First Activstudio delivers hundreds of teacher-designed tools to your pc. Over 5,000 flipcharts, images, backgrounds, shapes, annotations and activities are waiting for you to pull up and use. (And save, tweak and re-use.)

Next Activpanel shows exactly what's on the screen of the pc. You can see it and interact with it without turning your back on your class. And they can see it - razor sharp and projected up to virtually any size you want.

And the Activpen? Use it just like a pen - straight onto the Activpanel to add notes or drawings. Or use it just like a mouse. Change flipcharts, drag and drop images, highlight, change typesize, summon up colours, on-screen measurements, scanned documents, internet, audio, video, highlighters... at the click of a button.

Small enough to carry from place to place. And big enough for any classroom or lecture theatre. No matter how great.

ACTIVPANEL.

URNS THE BIGGEST SCREEN INTO AN INTERACTIVE WHITEBOARD.

COMPLETE WITH

Spare pen nibs For if and when the original wears out.

Software Our award winning Activstudio software package to deliver lessons in new, stimulating ways.

Software driver & security key Enables correct communication with your mac or pc.

All leads To connect the panel to your mac or pc.

Quick start guide To get you up and running.

Warranty 12 months.

Free extras Online training, upgrades, support, online user forum & resource downloads.

CHOOSE FROM

Projector A range of projector options to suit the most demanding of classrooms or lecture theatres.

Projection screen A range of screen sizes to suit most large classrooms.

Extra pens Additional pens available for other teachers or lecturers - or as spares.

AND ADD

Our Activ range of products are designed to work easily with each other, in a package to suit you...

Activboard Our market leading, full function interactive whiteboard provides 100% mouse functionality. Available in 48", 64" and 78" versions as well as the latest 95" widescreen format.

Activslate All the power of the Activboard in your hand. Interact with the Activboard with our A5 wire-free 'mini-board', small enough and tough enough to pass around the class or have one per desk.

Activhub Enables you to use your slate or vote with a computer, even if you don't have an Activboard, or if you have, dare we say it, another make of interactive whiteboard.

Activote The most popular hand held voting technology in the UK and Europe. Instant assessment across the whole class - on anything from class registration to understanding how well a lesson is understood... or even predictive grades. With our superior radio wire-free technology.

Activtablet Acts just like a small Activboard. The best way to prepare lessons wherever you are, or for drawing, designing or tracing where you need to use a pen.

Activsupport A range of professionally recognised training programmes from beginner to postgrad.
